Minimum order	No minimum on stock colors
Shipping	Ships the same day when paid by 12 PM PT

FABRIC & CONSTRUCTION

The 7.8 oz (264 GSM) body uses an 80/20 cotton-poly blend with a 100% ringspun cotton face yarn, so the printable surface you decorate is 100% cotton while the blend underneath balances softness with durability and shrink control. The regular fit works across size-inclusive ranges without the billowy excess of oversized cuts, making it reliable for uniform programs and retail alike. The hood is lined in self-fabric for a clean, premium finish, and the heavy drawstring cord adds a tactile quality detail that elevates the garment beyond commodity blanks. Rib cuffs and waistband include spandex for shape retention over time. Double-needle stitching at all seams reinforces high-stress areas, and the pouch pocket is cleanly constructed with reinforced openings. The tear-away label removes in one pull for fast private-label turnarounds. Care: machine wash cold with like colors, tumble dry low.

DECORATION

METHOD	RATING	NOTES
Screen Print	Excellent	Cotton-dominant face holds ink. The fleece stays flat
DTG	Excellent	Even pre-treatment absorption. Sharp detail on finer nap
Embroidery	Good	Cutaway backing recommended for designs over 5"
Heat Transfer	Excellent	Standard poly-blend settings. Clean bond
Sublimation	Limited	Light colors only. Muted results from cotton content
