Fabric weight	8.8 oz (298 GSM)
Fabric	70% cotton, 30% polyester fleece
Sizes	S to 3XL
Minimum order	No minimum on stock colors
Shipping	Ships the same day when paid by 12 PM PT

FABRIC & CONSTRUCTION

Constructed from 8.8 oz (298 GSM) 70/30 cotton-poly fleece, the 7770 matches the weight and hand-feel of the P280 hoodie and CR280 crewneck exactly. That consistency is critical for brands selling coordinated sets. The regular-fit silhouette with elasticated waist and functional drawstring accommodates a broad size range, and two side pockets plus a back pocket add everyday functionality. The tear-away label allows fast private-label relabeling straight from the box. Washing and drying decorated fleece the right way extends garment life.

DECORATION

METHOD	RATING	NOTES
Screen Print	Excellent	Clean plastisol lay-down on leg and pocket placements
DTG	Good	Use higher ink loads on fleece nap for full opacity
Embroidery	Fair	Small logos only. Use firm backing stabilizer on soft fleece
Heat Transfer	Good	HTV bonds well. Ideal for names and small-run personalization
Sublimation	Muted vintage effect	The 70/30 cotton-poly blend produces a muted vintage effect rather than full vibrancy.

SIZE CHART

inches, measured flat

SIZE	WAIST (AROUND)	OUTSEAM
S	30″	20.5″
