Sizes	S to 3XL
Minimum order	No minimum on stock colors
Shipping	Ships the same day when paid by 12 PM PT

FABRIC & CONSTRUCTION

Built at 8.8 oz (298 GSM) in a 70/30 cotton-poly blend, the CR280 hits the sweet spot between substantial hand-feel and easy care. The seamless body eliminates side seams, giving decorators an uninterrupted print surface with no ridges to catch screens or platens. Set-in sleeves with two-needle coverstitching at the collar, armhole, and waistband reinforce high-stress seams. The 1x1 ribbed collar, cuffs, and waistband incorporate spandex for shape recovery through repeat washes, and concealed cuff seams add a retail-tier finish. The tear-away label clears the neckline for private-label relabeling in seconds. Washing and drying decorated fleece the right way extends garment life.

DECORATION

METHOD	RATING	NOTES
Screen Print	Excellent	Dense fleece face holds plastisol and water-based with sharp detail
DTG	Excellent	Cotton-dominant blend absorbs ink evenly. Minimal dye migration
Embroidery	Excellent	298 GSM weight supports dense stitch counts without stabilizer issues
Heat Transfer	Excellent	Fleece surface bonds well with HTV and printed transfers
Sublimation	Limited	Light colors only. 70/30 cotton-poly mutes vibrancy
